The secretary, Lydia White, forgot to send a notice reminding the board of the meeting today. No minutes were presented today.

Lynne Logan presented the treasurer's report noting a loss of \$1300.00 year to date. See attachment.

Old Business:

- ❖ An offer for a service agreement contract with Ball Heating and Air was presented. Adrienne Lane is not in favor of a contract with Ball Heating and Air. Lynne Logan offered to personally go the Ball Heating and Air office to speak with a representative from the company to clarify details of the agreement, then report back to the board. Paul Lee moved to that Lynne meet with someone from the office of Ball Heating and Air. Pete Peterson seconded the motion. The motion was passed by members present.
  
- ❖ Pete Peterson informed the Board that the two twelve-week courses for the Junior Bridge group in Pass Christian have been successfully completed. He would like to expand the lessons for the Junior Bridge group to more

schools. Since there seems to be a lack of volunteers to instruct the lessons, Mike Moses suggested waiting until instructors sign up before expanding the lessons. Refreshments must be supplied. Volunteer instructors must be fingerprinted. Lynne Logan suggests that we wait a year before expanding the course to other schools. After much discussion concerning the lack of volunteers and the lengthy fingerprinting procedure, the board agreed to continue the course as is currently set up with Janelle Kunellis teaching the course, but wait a year before expanding to other schools.

Paul Lee moved to adjourn the meeting. Lynne Logan seconded the motion. The motion was passed by members present.

The meeting was adjourned at 5:17 p.m.

Respectfully submitted by
